Comprehensive Consulting

ABOUT EPIC PARADIGMS GROUP, LLC

EPIC Paradigms Group, LLC (EPIC) is a strategic Consulting and Information Technology services firm headquartered in Cleveland, Ohio with demonstrated abilities to rapidly deploy the most highly qualified resources ensuring the delivery of successful operational solutions within the parameters of time and budget.

EPIC's professionals, its adherence to industry standards in business management methodologies and technology solutions are helping its clients improve operational efficiencies, service delivery and giving decision makers better information to make decisions that enhance performance, mitigate risk and boost employee morale.

TOTAL CUSTOMER SATISFACTION

The key to EPIC's total customer satisfaction success is its commitment to the basic tenet of establishing relationships that respond to and anticipate client needs by using competent professionals, innovative solution, client specific designs, implementation and execution of Management and Information Systems best practices, unparalleled personnel recruitment of Subject Matter Experts.

That commitment is always aligned with EPIC's clients' needs and iterative analysis of our clients' operations, mission critical functions and corporate objectives.

INTEGRITY

EPIC prides itself in exceeding its clients' expectations by delivering on its commitment to employ professionals with high ethical standards and comprehensive knowledge of and ability to execute industry best practices.

Each EPIC consultant follows stringent policy and procedures that outline the Company's position in working with clients and conveying our roles and responsibilities.

A big part of that responsibility rests in helping clients determine when and how they should go about the process of hiring a consultant. The EPIC philosophy is that it's not ethical to perform work where our presence isn't needed.
